

CANNABIS USE AMONG CANADIAN VETERANS

CANNCORPS

CANNABIS USE AMONG CANADIAN VETERANS

We are developing the CANNCORPS on-line program* to optimize the use of therapeutic cannabis among Canadian Veterans and their caregivers. We are looking for your input and guidance.

*funded by the Canadian Institutes of Health Research(CIHR)

REB Ethics Approval: 2022-7822

1

Are you a veteran or veteran caregiver using therapeutic cannabis for a medical condition (such as chronic pain, stress, poor sleep, etc)?

2

Complete an **anonymous survey** (only 10-15 min) and help us build a program that meets the needs of Veterans across Canada.

3

All answers are completely **anonymous.** We do not collect any names or contact information
