MediaTek Dimensity 800U

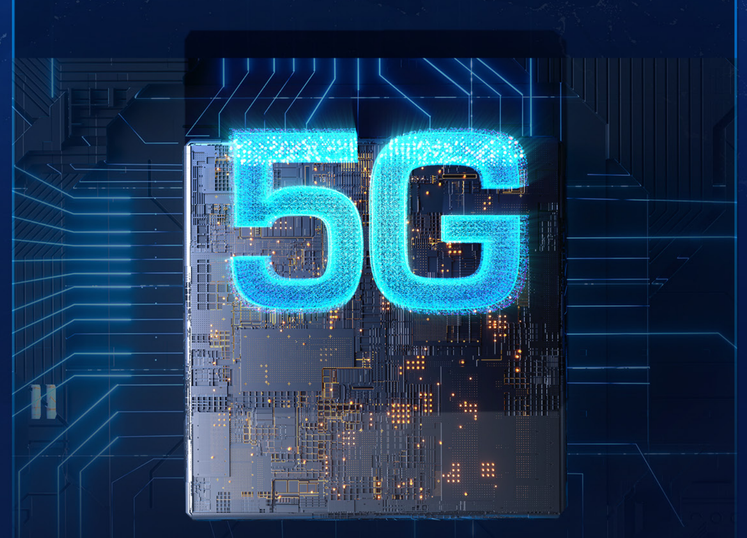

Ultra-Connected Dual 5G chip

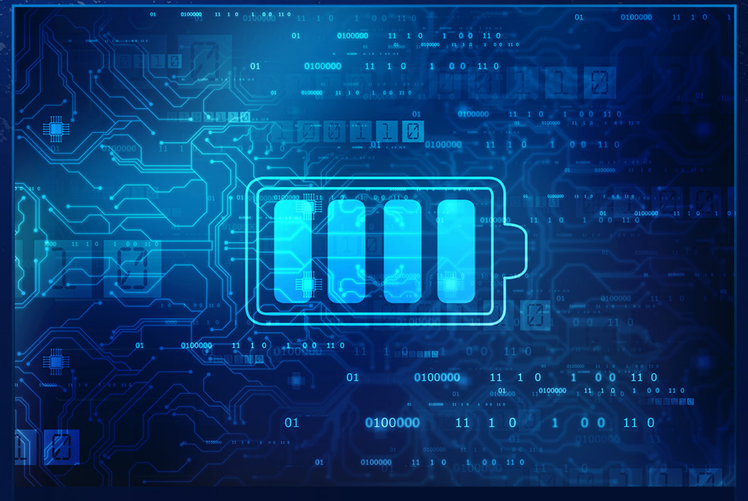

Dual 5G SIM

- Global Dual 5G SIM
- VoNR support for best voice & video call quality
- Leading the dual 5G ecosystem
- Widest market availability
- Global 5G NR Band Support

5G CA Enabled

- Up to 2CC 5G Carrier Aggregation
- Faster overall average speeds
- Seamless handover between two 5G areas
- Over 30% greater throughput layer coverage

Incredibly Efficient 5G Chip

- 7nm SoC
- Fully-Integrated 5G single chip
- Exclusive MediaTek 5G UltraSave technologies

Ultra-Responsive, Great Gaming & Vivid Visuals

Fast, Vivid HDR Displays

- Blur-busting 120Hz Displays
- Real-time HDR10+ -like quality upgrade from HDR10 video
- MediaTek MiraVision Enhanced HDR10+ Video Playback

Boosted Big Core Performance

- Up to 2.4GHz CPU Speeds
- Up to 11% faster CPU & 28% faster GPU than Dimensity 700 series
- Ultra-fast 2133MHz LPDDR4X memory & next-gen UFS 2.2-class storage

Multiple Voice Assistant Support

- Use multiple voice assistant services
- Reacts to multiple trigger words
