BMO

Pre-authorized Payment Manager

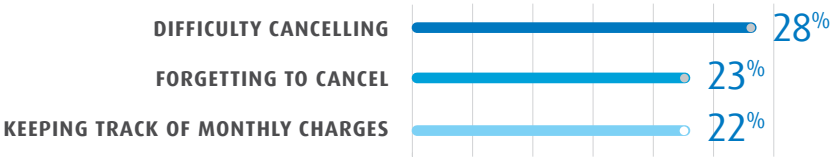

BMO's Pre-authorized Payment Manager demonstrates that digital is more than just a channel – it's how we operate.

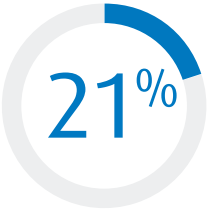

65% of Canadians

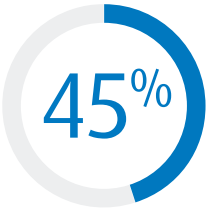

with pre-authorized subscriptions on their credit card would benefit from a tracking tool

One-quarter of Canadians with subscriptions on their credit card have had issues managing them, including:

have been **charged for subscriptions** they have forgotten about

have **recently cancelled** a monthly subscription

have **cancelled to save** money in inflationary times

THE PRE-AUTHORIZED PAYMENT MANAGER PROVIDES:

1. **Details of past payments** and estimated future payments from a list of authorized merchants.
2. **A view** of subscriptions in one place.
