Steady Solutions Named No. 966 on the 2026 Inc. 5000 List, the Most Prestigious Ranking of America's Fastest-Growing Private Companies

***Company Recognized Among the Nation's Most Successful Independent Businesses
for the Third Consecutive Year.***

WESTLAKE VILLAGE, Calif. — August 11, 2026 — Steady Solutions today announced it has been ranked No. 966 on the 2026 Inc. 5000, Inc.'s annual ranking of the fastest-growing private companies in America. The prestigious list honors the nation's most successful independent businesses—companies driving innovation, creating jobs, and shaping the future of the U.S. economy. Past honorees include Microsoft, Meta, Oracle, Chobani, and Patagonia.

"Being recognized on the Inc. 5000 once is an honor. Earning a place on the list three consecutive years reflects something even more meaningful—consistent execution," said Fabien Reille, Founder and CEO of Steady Solutions. "That kind of sustained growth is only possible because of an exceptional team and clients who continue to trust us with their most important projects. We're grateful for that trust and excited for what's ahead."

Over the past year, Steady Solutions expanded its commercial design-build services across the Western United States, delivering office tenant improvements, infrastructure upgrades, civil construction, and mission-critical facility projects for commercial, industrial, institutional, and public-sector clients. The company also earned its third consecutive Inc. 5000 recognition while investing in its people, technology, and long-term client relationships.

This year's Inc. 5000 recognizes a new class of companies redefining what growth looks like. From AI and advanced manufacturing to healthcare, consumer products, and professional services, these businesses are expanding their impact, creating jobs and proving that entrepreneurial ambition continues to fuel the U.S. economy. Among the 5,000 companies on the list, the median three-year revenue growth rate was 130%, and those companies have collectively added more than 627,208 jobs to the U.S. economy over the past three years.

“Every company on the Inc. 5000 has a story of perseverance, smart decision making, and a refusal to sit still,” says Mike Hofman, editor-in-chief of Inc. “Their growth reflects more than strong financial performance—it reflects creativity, resilience, and the customer focus required to build companies that make a lasting impact. We congratulate all honorees on this significant achievement.”

Inc. 5000 List Methodology

Companies on the 2026 Inc. 5000 are ranked according to percentage revenue growth from 2022 to 2025. To qualify, companies must have been founded and generating revenue by March 31, 2022. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2025. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2022 is \$100,000; the minimum for 2025 is \$2 million. As always, *Inc.* reserves the right to decline applicants for subjective reasons.

About Steady Solutions

Steady Solutions is a commercial design-build contractor delivering construction solutions for commercial, industrial, institutional, and public-sector clients across the Western United States. Headquartered in Westlake Village, California, the company provides a single point of accountability from design and permitting through construction, with expertise in office tenant improvements, infrastructure, civil construction, and occupied facility renovations. Recognized on the Inc. 5000 list for three consecutive years, Steady Solutions is committed to quality, safety, and long-term value for every client.
